

# TERRAZZO

**isomat**  
building quality

for a sustainable future

## Decorative floor screed with a modern terrazzo look

Terrazzo is making a strong comeback, ranking among the top design and architectural trends with its beautiful vintage aesthetic and the great number of practical benefits offered through the use of contemporary materials by **ISOMAT**.

**ISOMAT**'s decorative Terrazzo flooring is composed of:

- a. **DUORET-TERRAZZO** high-strength white cementitious mortar-binder, which can be colored with **ISOMAT DECO-COLOR** high-quality inorganic powder pigments, delivering a broad array of colors, and
- b. **ISOMAT NATURAL COLORED STONES**.

Their combination gives virtually infinite color and design possibilities to suit any decor or taste while adding visual interest and character to the project.

**ISOMAT**'s transparent, UV-stable polyurethane varnishes in gloss or satin-matt finish are used for sealing and protecting the system.

Suitable for interior and exterior use in residential or commercial spaces, hotels, restaurants, etc.

### Benefits:

- Modern terrazzo look
- Unique aesthetic result
- Endless color combinations
- UV resistance
- Abrasion resistance
- Non-porous surface

# Create bespoke floors, tailor-made to your design!

## ISOMAT NATURAL COLORED STONES color chart:

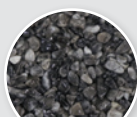

01. Thassos

02. Bianco Carrara

03. Bardiglio

04. Grigio

05. Botticino

06. Giallo Siena

07. Arabescato

08. Rosa

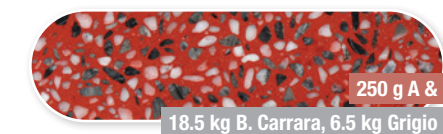

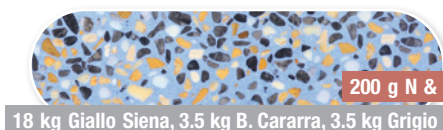

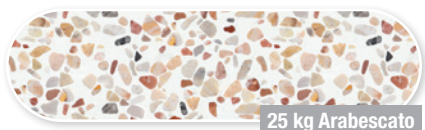

09. Marrone

10. Verde

## Indicative color combinations and ratios:

The following color combinations were obtained by adding ISOMAT DECO-COLOR powder pigments (in the case of a colored mortar) and ISOMAT NATURAL COLORED STONES to 25 kg of DUROCRET-TERRAZZO, in the following ratios:

! Due to printing processes, the colors shown above may vary from the end-result and are for illustration purposes only.
